Our "Traditional Funeral Service" from £2884.00*

(+ third party costs for burial or cremation see below)

This includes collection of the deceased 24 hours a day to our chapels of rest (distance up to 15 miles), traditional Oak veneered "York" coffin and 6 handles, hearse, funeral conductor and four pall bearers, home visit to make funeral arrangements (if preferred), chapel of rest visits Monday to Friday 8.30 a.m. to 6.00 p.m. & Saturday 10.00 to 12.00 noon (extended hours as a option), supply of funeral gown or dressing in own clothes, collection of funeral charitable donations and our full 24 hour personal support.

We will ensure you have a suitable appointment with the local registrar of deaths or help you understand what to do if the coroner needs to be involved.

You will have full control of the day and time of the funeral (subject to availability) ~ you tell us what is best for you.

If you would like an alternative coffin we have many choices with a variety of cost. For example our Norwich (panelled veneered coffin in oak or mahogany is £625.00 and a bespoke solid oak coffin £1195.00). There are many other coffin types in between these costs.

If you call us 24 hours a day you will get an experienced funeral director to offer immediate guidance from our team in Rushden, usually Jonathan or Michael is available to you. No question asked is silly to us, we want you to be in control of the arrangements and have funeral choices explained clearly.

In addition to our costs you will have some **third party** expenses. They may include the cost of a church (£375.00) or minister or civil celebrant (£219.00), council fees for a grave purchase and cost of digging (£735.00 ~ Rushden Cemetery) etc. or indeed crematorium costs which do vary considerably. Kettering Crematorium charges £896.00, Wellingborough Crematorium charges £899.00. If cremation is chosen then there may well be additional costs of around £164.00 for the production of doctors cremation paperwork which is payable to GP's or hospital doctors.

We will ensure that these costs are paid to the correct authorities.

We will also help you choose the local crematorium that offers the best services for you and costs at that time.

We can provide you with a written list of the proposed full costs for a funeral at any time and we will always give you clear options when arranging a funeral.

Remember with the traditional funeral service you do not need to find any money up front, we will simply raise an invoice after carrying out your wishes.
